Hands-on training team to work with you to achieve your training/career goals. We provide a custom-made curriculum, tailored to meet specific training needs.

Our Clients & Stakeholders

Testimonials

What Our Client Say

Archibong Charles Imoh ★★★★★

@CharlesImoh

The safety operations and installation program were very good and interactive. This aided a better understanding of the training.

Ekanem Emmanuel Usen ★★★★★

@Emmanuel Usen

The training was enlightening; emphasizing on the importance of competent project team formation as a strong way to a successful project management.

Bunmi Obembe ★★★★★

@Bunmi Obembe

Lonadek is one of the foremost in capacity building for Oil & Gas industry in Nigeria, particularly in the area of Process Engineering... With a significant contribution to the growth of Local Content in the upstream sector of the Nigerian Oil & Gas Industry. management.

Mr. Nwosu Chidi ★★★★★

@Nwosu Chidi

The Programme was excellently delivered including the subject matter expert and consultants who helped to increase my competency and knowledge on Offshore and Onshore Pipeline and Design Work with particular emphasis on Project Management Techniques and Principles.

Reuben Eteure ★★★★★

@Reuben Eteure

I write to appreciate you for the AACE Cost Engineering Training held with your company last year August. Kindly extend my gratitude to the facilitators. I am now a Certified Cost Engineer (CCP), as I passed the exam on my first attempt...God Bless Lonadek Team.

Akinsola Akere ★★★★★

@Akinsola Akere

Lonadek has made immense contributions to the Human Capital Development of Oil and Gas in Nigeria. it's a privilege to be trained by seasoned and experienced professionals. The training has positively impacted my career till date.

Ms. Azuiké Victoria ★★★★★

@Azuiké Victoria

The ILM Document Controls & Management Training program was highly interactive, engaging and very interesting

Miguel Ndombele – Angola ★★★★★

@Miguel Ndombele

The quality of delivery of the consultant made it so easy for me to understand, develop and obtain new skills on applying the core tools of SACS in my work
